

Math, Counting, Shapes, Colors

- Ask your child to count out the silverware and set the table for your meal.
- Help your child learn the names of basic colors. Make it fun. For example, ask, “Is there something blue in this room?”
- Put together puzzles. Build with Legos or blocks.
- Look for similarities. Look for differences.
- When preparing a meal, cut a piece of fruit in half. Show your child how 2 halves make a whole.
- Identify colors all around you.
- Play a board game that involves moving spaces. Count as you move.
- Look for shapes in the house or outside.
- Give your child simple tasks that involve matching, sorting or counting objects (socks, towels, silverware, etc.)
- Sort M&M’s or Skittles by color
- Count as you climb the stairs.
